- ⊙ Auto format recognition
- ⊙ Up to 10 drives
- ⊙ Disc Counter feature

Professional Duplication

The PowerTower series of professional duplicators, offer fast, efficient duplication of CDs and DVDs at a cost effective price. Available with 1, 3, 7 and 10 target drives, PowerTower copiers are ideal for small and large runs alike, perfect for both office based disc production right through to full scale, professional publishing environments.

Easy To Use

PowerTower duplicators are extremely user friendly and with virtually no training at all, anyone can be copying discs in no time. The intuitive LCD display allows access to all features with the use of four simple buttons.

Fitted with either the latest CD-R or DVD±R drives, depending on the model chosen, up to 10 CDs discs can be copied simultaneously in under three minutes and 10 DVDs in under eight minutes.

A choice of optional internal hard disk drive is available providing ample storage for CD or DVD master images. Towers with hard drives installed can also be fitted with a USB or a USB/Firewire connector.

Fast & Efficient

Rigorously tested for performance and reliability, PowerTowers are manufactured to strict quality control standards with an aluminium case and built in power supplies, delivering enhanced duplication at every level and at all times.

LinxTower

The Verity Systems Linx Tower is a revolutionary solution that will allow users to link up to an incredible 255, ten drive towers to give 2550 simultaneously running drives. Duplication can be made from a single master DVD/CD ROM or from the 160Gb internal hard drive.

Warranty

2 year warranty. 1st year back to base, all parts and labour included. 2nd year excludes drives, hard drives and carriage. Extended warranties also available.
